Entered second class mail at Charleroi, June 15, 1900, according to Act of Congress of March 8 1879

VOL. XI. NO. 21.

CHARLEROI, WASHINGTON CO., PA., FRIDAY, SEPTEMBER 2, 1910.

One Cent

ALL DETAILS PREPARED FOR CAMPAIGN OPENING IN CHARLEROI ON SATURDAY

FIFTEEN BANDS TO BE HERE TO ENLIVEN WITH MARTIAL MUSIC

Charleroi Divisions Will be Led by Charleroi Boys' Brigade Fully Uniformed in Marching Costume

PITTSBURG ORGANIZATION TO ESCORT CANDIDATES

With every detail properly taken care of by local committees, all that is now necessary for carrying out one of the most a rousing openings Saturday any campaign party ever had, is a perfect day. Last night Chief Marshal J. M. Fleming of the Charleroi parade division met with his aides and went carefully over the preparations that had previously been made for this big feature. Divisions of other towns have already prepared for the parade and the various marshalls have been appointed.

There will be about 15 bands in Charleroi, and the parade will be of such extent that it will be necessary for the marchers to march 10 abreast and but four feet apart, and for the horsemen to ride six abreast. In order that all arrangements be carried out perfectly it is necessary that the marchers and horsemen report promptly along the route of parade on Washington avenue for formation. It is also necessary that all vehicles and automobiles removed from these streets.

The Charleroi division will be headed by the Charleroi Boys Brigade in full uniform, and with a full quota of officers. Following them in order arranged by Chief Marshal Fleming will be the citizens, the Slavish,

Italian and colored marchers and the Charleroi reception committee. A number of the business men will ride on horseback as an escort to the Americus and Young Men's Tariff club of Pittsburg.

The Pittsburg organization has been selected as the escort for the State candidates, who will ride in carriages. This battalion will be under command of Maj. H. W. McIntosh and Capt. S. A. L. Neely. The marchers from Pittsburg will wear dark clothes, auto dusters and high white hats. They will carry red, white and blue umbrellas. A special train will leave Pittsburg at 5:05 o'clock to run as the first section of the express, making the stops to take on passengers for Charleroi only at Homestead, Dravosburg, Elizabeth Monongahela and Donora, arriving at Charleroi at 6:20 o'clock, and on this train will come the Pittsburg delegation.

The decorating of the town is being done largely today. The decorating committee is around distributing pictures of Hon. J. K. Tener, and it is desired that they be conspicuously displayed by the citizens in their decorations. The committee asks that everybody along the route of parade decorate their homes.

Kinney in Poor Health

Former Charleroi Man Taken to Dixmont Asylum

Thomas Kinney, the slayer of William Adams at Charleroi, who was acquitted of murder on the grounds of insanity, was yesterday committed to the Western Pennsylvania hospital for the Insane at Dixmont.

The court ordered that the sheriff take Kinney to Dixmont and that he be kept there and carefully treated until the court orders his release.

Today Kinney will leave the environments of Sheriff Murphy and take up his abode at the Dixmont asylum.

The commitment to the asylum is the terminus of a long trial in which the defense admitted that William Adams was shot and killed on the streets of Charleroi by Thomas Kinney, but on the testimony of Dr. Theodore Diller, an alienist of Pittsburg, he was acquitted.

Kinney has been in the Washington county jail since the shooting took place and at the present time is not in a very good physical condition. The long term that he has waited in

Red Men At Eldora Park September 14

Valley Lodgemen Will Hold Reunion Early This Month

The Red Men from the various towns between Brownsville and McKeesport will hold a reunion at Eldora Park on the 14th of September. The day will be given over to sports, while in the evening will occur the Red Men's March, which is expected to be one of the most spectacular and interesting events of the day. As there are a large number of Tribes in this part of the valley it is expected the day will be more than usually interesting while the attendance will probably reach into the thousands.

Jail for his case to come up has had a telling effect on Kinney and it will be some time before he fully recovers. This, at least, is the opinion of persons who have been in close touch with him. During the trial he did not appear nervous, emaciated or weak in any way physically. When aroused from his apparent mental abstraction he moved quickly and with considerable vigor. His appearance was not as bad as that of the average prisoner who has been 10 months in jail.

Nine Foreign Societies To Be In Parade

Marshal Frank Fagula Arranging for Big Delegation

The Slavish and Polish societies in Charleroi will turn out in force and in uniforms Saturday to participate in the big red fire parade. There are seven Slavish societies and two Polish, and these will be marshaled by Frank Fagula. He requests them to meet at the Slavish church at Tenth street at 6 o'clock tomorrow evening. He states that he expects to have in parade about 500 of the members of these societies.

MANY STARS ARE ENTERED

Field Meet at Donora Promises to Be Big Affair

The field and track meet at Donora Labor Day September 5, will be the best of the kind ever held in the Monongahela Valley. Among the star men entered are 10 members of the Pittsburg Athletic Association as follows: J. H. Cook, J. P. Lutherine, T. M. Jackson, Leo A. Lonbrig, Regan H. Pipes, Thomas Williams, Guy Haferty, H. Haferty, J. W. A. Brown, W. J. Michaels and Frank A. Wilby.

A great race is expected between Wiley and W. J. Scott who holds the record for amateurs at five miles in the State of Ohio. Both have entered the five mile handicap.

Ellsworth Riggs of Charleroi has entered the pole vault. Riggs was first in the pole vault at Donora last year with a record of 10 feet. The Wilmerding Y. M. C. A. has entered six men in the different events.

Twenty entries have been received for the five mile race among which are F. A. Wiley, W. J. Scott, L. Moyné Orgin, Elmer Organ, Matt. W. Lyle, Roderick McCoy, John Gibson, Geo. Gerger Sark, J. W. Burke, Frank Ellsworth.

OFFICERS MUST HAVE WARRANT TO MAKE ARRESTS

According to a decision of Judge J. F. Taylor in a local case yesterday neither local officers nor railroad detectives have a right to make an arrest for a misdemeanor unless armed with a warrant. The case was that of Andrew Olsavsky of Charleroi against P. R. R. Detectives J. R. Chalfant and H. F. Smith, alleging assault and battery in the arrest of one of his friends. The officers arrested the foreigner for trespassing on the railroad in accordance with instructions from the company, at the instigation of the State railroad commission, but at the time did not have a warrant. As a result both were fined \$25 and costs.

Boys' and youths', misses' and children's shoes at Adolph's at \$1.00 a pair.

Notice

All ladies of the Methodist church are invited to assist at the lunch counter to be run on Saturday, on the railroad property near corner Fifth and McKean. Ladies of the league to wear their badges.

Their counter will be opened for business by dinner time Saturday. There will be tremendous crowds to feed and the ladies are going to take advantage of the opportunity to make some money for the church. 251

CANDIDATE READY FOR CAMPAIGN

Congressman Tener Looking Fine After Vacation

NEWSPAPER MEN GATHER

Glowing with health and looking particularly fit for the arduous campaign this fall, Congressman J. K. Tener arrived home this morning in readiness for the campaign opening in Charleroi tomorrow. Congressman Tener has been enjoying a month's outing at Salisbury Beach, Mass., far away from the business life.

When the Charleroi Congressman, who is the Republican candidate for Governor, arrived this morning he was accompanied by newspaper men who from this time forth will keep close tab on his movements. Tomorrow morning a large body of representatives of Philadelphia and Pittsburg dailies and other State newspapers are expected. Accommodations have been arranged for them, and they will be carefully looked after by the reception and the press committees.

A large electric sign has been hung near the corner of Fifth street and Fallowfield avenue and if Congressman Tener had postponed his arrival until evening, he would have been greeted with the words "For Governor, J. K. Tener" glowing forth in picturesque effect. The sign was designed by R. L. Barnhart, and the letters were made by F. H. Ransom.

Lunch accommodations have not been neglected, and besides the hotels and restaurants a number of churches will serve lunches at various parts of town.

Engineer Locates

Pennsylvania Railroad Rents Offices at Monongahela

D. P. Pugh, an assistant engineer of the Pennsylvania Railroad company, has rented offices in the First National Bank building at Monongahela and the furniture for the accommodation of the occupants is now being installed, having arrived at the railroad station a day or two ago. Accompanying Mr. Pugh are several assistants, who refused to give out any information as to what line of work would be undertaken by the corps. A significant remark made by the engineer when the rooms were rented was to the effect that they might want them for three months, and it might be three years. The corps has been located at Greensburg for some time, and their transfer to this locality indicates that the Pennsylvania contemplates some line of activity in this district.

Whether it refers to the M. and W. branch, or to work on the main line of the Monongahela Division is something the future will develop.

Burgess Asks That Streets Be Cleared

All teamsters, autos and vehicles of every description are requested to vacate McKean, Fallowfield, and Washington avenues between First and Seventh streets tomorrow evening after 5 o'clock. The object of this is to take care of and protect the large crowd that is expected, and to facilitate the handling of the parade. I hope that the public will observe these precautions for the safety and well-being of all, and that every person will aid in maintaining order and decorum during the evening.

Geo. W. Risbeck, Burgess.

MANY NON-RESIDENT PUPILS IN CHARLEROI HIGH SCHOOL

More Outsiders Than Ever Before Taking Advantage of Educational Opportunities Offered Here

DIRECTORS MEET IN REGULAR SESSION

There are now 31 non-resident pupils in the Charleroi high school a larger number than ever before in the history of the schools. The enrollment in the entire school as reported at the regular meeting of the board last night is also better at this time of the year than ever before, there having to date 1,833 pupils enrolled.

The board instructed the building committee to procure three water tanks to be placed at the Fifth street building, the Ninth street building and the Crest avenue building to be used for drinking purposes. These tanks are to supplant the buckets now in use.

The secretary was instructed to notify Tax Collector J. W. Mathias to present his exoneration list at once for the 1909 taxes, and to pay into the hands of Treasurer R. H. Rush by

the first of December, the 1909 taxes. A number of bills were ordered paid. The reports of Treasurer R. H. Rush was read and accepted as follows for both the school and building:

Balance from last report	\$618.41
Receipts for month	357.60
Total	\$976.51
Disbursements	561.84
Balance in treasury	414.17

The report of Tax Collector J. W. Mathias showed he had paid over to the treasurer \$271.11. Superintendent J. G. Pentz made a brief report in which he said that there were at present in one room of the school 71 pupils and that the eighth grade was over crowded. Changes may be made in this division made.

BUSINESS MEN PREPARING FOR BIG ANNUAL BANQUET AT SOME LOCAL HOTEL ON SEPTEMBER 22

Committee Appointed to Have Charge of Affairs and to Secure Prominent Speakers

In an endeavor to have the Business Men's annual supper the most glorious event of the kind ever held, a number of prominent Pittsburg speakers, and Hon. J. K. Tener will be invited to make addresses. The affair will be held on September 22 in some local hotel or hall, and to arrange for the affair a committee of seven was appointed at the regular meeting of the Business Men's Association last night. The committee appointed consists of J. B. Schafer, J. W. Carroll, C. W. Weltner, L. Biegei, Fred Freeman, C. J. Mathews and Joseph

Stock. The business men will turn out largely on horseback Saturday evening and will act as an escort to the first division of the parade composed of the Pittsburg marching clubs. The president of the association, John H. Bowers, and the secretary, M. Adams, have been extended an invitation to occupy places on the stage with the speakers, and the invitations were accepted.

Two applications were favorably acted upon, one of Congressman J. K. Tener, and the other of Dr. H. J. Repman.

NOT POLITE TO USE SCHOOL BOOKS FOR WEAPONS OF WARFARE

If any pupil in the Charleroi schools should forget his dignity to such an extent that he strikes another pupil over the head with a school book either in or out of the school room, he may get into serious trouble with the authorities. Not that the authorities care so much for the physical welfare of the victim, but they are anxious for the financial welfare of the taxpayers, who have to supply the books. The chance are that the contact of the book with the head may prove more disastrous to the former than the latter; therefore the pupil committing such an offense will be held responsible for any damages incurred. Action to that effect was taken by the school board last night.

Adolph's \$1.00 Shoe Sale won't last forever.

FRYE FAMILY TO HOLD REUNION AT ELDORA SATURDAY

The tenth annual reunion of the descendants of Benjamin and Christina Frye will be held at Eldora Park tomorrow, and a good attendance is expected. The members of the Frye family are scattered throughout several States, but there are more of the race in Washington county than in any other section. The first of the generation were old Virginia residents, having settled there about 1740.

There are now between 300 and 400 families. It is expected that the program at the reunion tomorrow will take the usual form.

Arrigo

Acil Arrigo, the 18 months old child of James Arrigo died yesterday afternoon and the funeral was held this afternoon at 2 o'clock with interment in Calvary cemetery.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

Everybody Decorate

Citizens generally along the line of march in the big parade Saturday night are requested to decorate their places of business and residences. As the parade will be after dark some sort of illumination should be used—Japanese lanterns, or all the windows lighted if no other means of illumination can be provided. What is desired is to have the town look as bright and cheerful as possible in the presence of so many visitors.

In every part of the Commonwealth Charleroi is recognized as being significantly honored by having the Republican candidate for Governor as well as being selected for the opening of the campaign. Our citizens should appreciate this condition, and take every advantage of the opportunity presented to make a good impression upon the horde of strangers who will visit us from a distance. By every one turning out in the parade and illuminating their houses and places of business, each can contribute toward advancing and emphasizing the standing and prestige of Charleroi.

Idle Investment

Monessen's citizens are taking the initiative in an effort to get a State road connecting their town with West Newton. The importance of this connection is that it will open up to improved roads a big farming territory, and connect the Westmoreland county towns of the river district with the interior as well as the Allegheny county system of improved roads. This will mean more trade and prosperity for Monessen business people.

Charleroi has similar opportunities which, if taken advantage of, would yield big returns in a business and commercial way. The populous up-river territory is practically eliminated at certain seasons of the year except to those living along the street car and railroad lines. This method of traffic brings individuals to our town, but it does not permit our merchants to go out, solicit trade and deliver their goods. Neither does it permit the big scattered population on the farms and small hamlets to drive into town at will, except in the more favored seasons of the year.

A trolley car connection with outside territory is considered an important factor in trade and commerce, and it is, but a more important factor is good roads on which to drive. A trolley enterprise involves a big investment in rolling stock and equipment, but there is infinitely more invested in horses, wagons, vehicles, harness and other outfit, which is idle a large portion of the time, than in all

the trolleys and railroad enterprises. When this is considered the importance of a passable thoroughfare can be readily seen.

Charleroi business people should go after the proposed river boulevard. Any person driving a team or an auto to California is told that the road is now better than it ever was, but at its best it is bad to be considered. A river boulevard will bring all the advantages of a new industry, and it does not have to be subsidized.

Diversified Industries

Pittsburg's crusade for more diversified industries should not be lost sight of by the river towns. In nearly every one of these the raw and basic material produced here can be converted into more finished products on the spot, employing more labor and involving larger industrial investments. In this manner idle capital and labor could both be utilized.

For instance, automobiles could be manufactured to great advantage here. Many of the parts necessary to the construction of these machines are manufactured in the valley. Tin cans and other ware of this material could be made here where the plate is produced probably more cheaply than elsewhere as freight would not have to be paid on the material to the factory. Coke could be produced at any of the mines here and yield a profit where in many instances the operators are running at a loss.

In spite of all the present prosperity not nearly all of the available labor is employed. The strike reveal that. It no means were taken to prevent filling strike's places all vacancies would be taken in short order, showing that all times there are as many men idle as are employed. By extending the manufacturing of our products this condition could be eliminated, relatively, at least, in this district. The census returns are showing that the smaller cities that have the widest diversity of industry are the most prosperous.

ELECTRIC SPARKS

At least the teachers appreciate weather.

They can't get Ballinger out of Taft's cabinet any other way, so they are going to try to pry him out.

Many a bonehead duack who makes a laughable failure in one community can occasionally impress the people with his worth in another community.

It is said that the Postmaster at Pump, Pa., gets \$96 a year. It's cheaper to be wealthy.

The man who will run an automobile at the rate of 60-miles an hour just to be present at the table at meal times doesn't belong to the Newport 400.

Goat's milk for infants. Put away the idea. Aren't you satisfied with the price of just ordinary lacteal fluid?

The man who has Presidential aspirations is not to be pitted so much as the man who makes himself a fool with announcing his every time there is a chance.

If the Democrats should offer Gibboney second place, and the Keystone party should agree to find some one else just as good to fill the Philadelphia man's shoes in second place for the Keystone, and so forth, will the said Gibboney accept the honor?

When the young man goes to ask the father for the hand of the apple of his eye, he should put his best foot foremost, but at the same time should exercise the greatest care that the doting parent does not do likewise.

Newport is said to have \$300,000,000 worth of widows. We didn't know that dukes and barons were quite that scarce.

When a man has had his appendix removed, his tonsils cut out, and all the other operations performed known to medical science, he need not worry about his health.

When any person names their baby after some uncle whose most polite cognomen is Belshazzar or something of a similar nature, it is not to be supposed they do because they like the name.

EXPOSITION ATTRACTS TREMENDOUS CROWDS

Victor Herbert and Orchestra at Pittsburg's Big Show

The twenty-second annual season of the Pittsburg Exposition opened Wednesday night under circumstances that were gratifying not only to the management but the thousands in attendance. Everything seemed to be in a state of preparedness for the event passed off without a single hitch. The buildings and booths have been redecorated and there is a freshness and newness about everything. The number of exhibitors this season is much larger than that of last and this show on the whole reflects no little credit on the enterprise of progressive Pittsburg.

Victor Herbert and his orchestra is the opening musical attraction and at the two concerts given on the opening night the music was heard to its capacity by delighted audiences. Mr. Herbert, the author of a score of comic opera hits, received an enthusiastic welcome and he presented a program that pleased everybody. He not only introduced excerpts from his best known works but portions from the old masters, but he presented here for the first time some of his latest compositions. It was a program of charming melody and encores were in order throughout the evening.

Among the new features this season is a post-office exhibit furnished by the United States government at Washington. It gives much information pertaining to Uncle Sam's mailing system. With the exhibit is an old stage coach used for carrying mail in Montana many years ago, long before the present advanced system was thought of.

Two railroads are represented this year, the Great Northern, which makes its first appearance here, and the Norfolk and Western. The former shows what irrigation has done for crops in the northwest and the latter illustrates what scientific farming is doing for Virginia. The commercial growth of the country through which each line passes is an interesting feature and the fruit exhibit of each line is well worth seeing.

There are two educational exhibits that attracted a great deal of attention on the opening night. The public schools of Pittsburg have a very large and attractive display of painting, drawing, fancy and needle work, manual training and, in fact, everything connected with the local educational system. All the schools of the city have contributed and the exhibit is a thorough and comprehensive one. The Allegheny Playgrounds Association has an exhibit of what was done by the summer vacation schools on the Northside. The benefit derived by the children who took advantage of the playground schools is shown in their admirable work and reflects no little credit on the association.

Mechanical Hall has a great deal to offer this season and the exhibits are in the main new. Labor saving devices of every description are to be seen and the electrical display is finer than ever. The leading stores have beautifully artistic exhibits and the Italian pergola in the foyer is magnificent and looks as if the scene had been taken bodily from Italy and transplanted in the Exposition. There is something new and instructive to be seen at every hand.

The wireless telegraph which has attracted attention all over the world by its wonderful achievements is an exhibit in the main building which drew large crowds. Demonstrations of the wonders of the wireless were given in the most convincing manner. "The Universe," a new scenic electrical spectacle, makes its initial bow in the Exposition this season. The scene is supposed to take place in 1950. An aviator makes a tour of the world in his airship. Dawns, sunsets, meteor flights, volcanic eruptions, tropical and polar landscapes and every conceivable aspect of land, sea and sky are revealed to the highest degree of realism.

The Monitor and Merimac in their historical battle at Hampton Roads is again in the Hippodrome Building and it is greater, grander and more beautiful than ever. Real boats and real guns are used and the tremendous roar of battle is awe-inspiring. The sky and cloud effects are beautiful and the White Squadron majestically passing in review affords a fitting close to this great spectacle, the original cost of which was \$120,000.

There were amusements of all kinds from the toboggan slide to the merry-go-round and the scenes of life and gaiety that prevailed everywhere; and the interest that the exhibits created indicated that everybody was delighted and that the inauguration of the Exposition season was a glorious success.

Card of Thanks

We take this method of thanking our friends, who seem legion, and our neighbors, whose kindly sympathy and assistance did so much alleviate our loss in the recent death of our husband and father. The many beautiful floral offerings were appreciated highly and our sincere gratitude is hereby extended to the donors thereof. Mrs. Francis Buchanan and Family.

Executive Offices
The People's Stores

New York City
To All Sons and Daughters of Toil,

September 2, 1910

Greeting:

Nothing in our whole business career gives us as much genuine pleasure as the knowledge that in an unusual degree the People's Store enjoys the good will and loyalty of hosts of intelligent working people.

We have always tried our utmost to deserve this loyal support. No sweat-shop-made clothing was ever permitted to find its way into our stores. Well woven materials, built into splendid garments in wholesome sanitary shops, by the best-paid tailors in America, constitute the sum and substance of our stock.

Our equipment for your future pleasure is even more select and elaborate than our own best previous efforts. Fine, New Fall Clothing is abundant in all departments. The Saturday before Labor Day is the best day for your inspection—later the choice may not be so extensive.

Your credit? You bet. If you are a son or daughter of toil your credit is gilt edged.

With very best wishes for your unbounded prosperity in the future, we remain, very sincerely yours,

THE PEOPLE'S STORE,

536 Fallowfield Ave.,
Charleroi, Penn'a.

YOUNG MEN AND WOMEN

Are Wanted for Business Positions

Douglas Business College cannot supply the demand for young men and women who have a knowledge of Shorthand and Typewriting, and Bookkeeping.

Every graduate in these branches last year has been placed in a desirable position—it is the short cut to a good situation and Success.

Remember from ten to fifteen months is long enough to complete our combined course and it will be a lasting honor to be a graduate of this progressive school.

The benefits are yours, and it will be worth your while to see us now.

Day school opens Tuesday, September 6th. Kirk and Clark building.

FRIENDS TENDER

SHOWER TO BRIDE

Mrs. Arthur Miksch, one of Charleroi's recent brides, was tendered a miscellaneous shower last evening at the home of her parents, Dr. and Mrs. N. W. Patton. The affair was arranged by the Young Ladies' Circle of the Washington Avenue Presbyterian church of which Mrs. Miksch is a charter member. Charades and music were enjoyed by all and Miss Ryland read Riley's beautiful poem "An Old Sweetheart of Mine." Dainty refreshments were served by the hostess, after which Mr. Miksch in a few well chosen words thanked the guests for the many presents which were both useful and ornamental. At a late hour all departed for their homes wishing the happy couple a smooth voyage over life's stormy sea.

Mrs. Robert Hormell is spending three weeks in Parkersburg, W. Va., with her daughter, Mrs. C. E. Paul.

Parisian Burglar's Ingenious Device.

A new device for robbing flats in Paris was hit upon by a man who is now in jail. Dressed as a workman and carrying a bucket filled with a mysterious compound, he was in the habit of calling at flats, saying he had come by the landlord's orders to disinfect the place. During the operation such an unpleasant smell was emitted that the tenant hastily decamped to the room farthest removed from the scene of "disinfection," leaving the coast clear for the burglar. The latter at length presented himself at a flat which happened to be occupied by the landlord himself, and a few minutes afterward he was handed over to the police.

A Sign of the Times.

One of the most up to date of signs—it is truly a sign of the times—has been erected at Margate, on the southern coast of England, by an enterprising firm of that town. It faces the English channel and advertises the ground on which it stands as an "anchorage for aeroplanes." So many aviators have made or tried cross channel flights that numerous landings of "airmen" on the coast of England may be expected in the not far distant future, and the Margate firm purposes to be on the ground early.—Kansas City Star.

ALL DETAILS PREPARED FOR CAMPAIGN OPENING IN CHARLEROI ON SATURDAY

FIFTEEN BANDS TO BE HERE TO ENLIVEN WITH MARTIAL MUSIC

Charleroi Divisions Will be Led by Charleroi Boys' Brigade Fully Uniformed in Marching Costume

PITTSBURG ORGANIZATION TO ESCORT CANDIDATES

With every detail properly taken care of by local committees, all that is now necessary for carrying out one of the most a rousing openings Saturday any campaign party ever had, is a perfect day. Last night Chief Marshal J. M. Fleming of the Charleroi parade division met with his aides and went carefully over the preparations that had previously been made for this big feature. Divisions of other towns have already prepared for the parade and the various marshalls have been appointed.

There will be about 15 bands in Charleroi, and the parade will be of such extent that it will be necessary for the marchers to march 10 abreast and but four feet apart, and for the horsemen to ride six abreast. In order that all arrangements be carried out perfectly it is necessary that the marchers and horsemen report promptly along the route of parade on Washington avenue for formation. It is also necessary that all vehicles and automobiles removed from these streets.

The Charleroi division will be headed by the Charleroi Boys Brigade in full uniform, and with a full quota of officers. Following them in order arranged by Chief Marshal Fleming will be the citizens, the Slavish,

Italian and colored marchers and the Charleroi reception committee. A number of the business men will ride on horseback as an escort to the American and Young Men's Tarriff club of Pittsburg.

The Pittsburg organization has been selected as the escort for the State candidates, who will ride in carriages. This battalion will be under command of Maj. H. W. McIntosh and Capt. S. A. L. Neely. The marchers from Pittsburg will wear dark clothes, auto dusters and high white hats. They will carry red, white and blue umbrellas. A special train will leave Pittsburg at 5 05 o'clock to run as the first section of the express, making the stops to take on passengers for Charleroi only at Homestead, Dravosburg, Elizabeth, Monongahela and Donora, arriving at Charleroi at 6 20 o'clock, and on this train will come the Pittsburg delegation.

The decorating of the town is being done largely today. The decorating committee is around distributing pictures of Hon J. K. Tener, and it is desired that they be conspicuously displayed by the citizens in their decorations. The committee asks that everybody along the route of parade decorate their homes.

Kinney in Poor Health

Former Charleroi Man
Taken to Dixmont
Asylum

Thomas Kinney, the slayer of William Adams at Charleroi, who was acquitted of murder on the grounds of insanity, was yesterday committed to the Western Pennsylvania hospital for the Insane at Dixmont.

The court ordered that the sheriff take Kinney to Dixmont and that he be kept there and carefully treated until the court orders his release.

Today Kinney will leave the environments of Sheriff Murphy and take up his abode at the Dixmont asylum.

The commitment to the asylum is the terminus of a long trial in which the defense admitted that William Adams was shot and killed on the streets of Charleroi by Thomas Kinney, but on the testimony of Dr Theodore Diller, an alienist of Pittsburg, he was acquitted.

Kinney has been in the Washington county jail since the shooting took place and at the present time is not in a very good physical condition. The long term that he has waited in

Red Men At Eldora Park September 14

Valley Lodgemen Will Hold
Reunion Early This
Month

The Red Men from the various towns between Brownsville and McKeesport will hold a reunion at Eldora Park on the 14th of September. The day will be given over to sports, while in the evening will occur the Red Men's March, which is expected to be one of the most spectacular and interesting events of the day. As there are a large number of Tribes in this part of the valley it is expected the day will be more than usually interesting while the attendance will probably reach into the thousands.

Jail for his case to come up has had a telling effect on Kinney and it will be some time before he fully recovers. This, at least, is the opinion of persons who have been in close touch with him. During the trial he did not appear nervous, emaciated or weak in any way physically. When aroused from his apparent mental abstraction he moved quickly and with considerable vigor. His appearance was not as bad as that of the average prisoner who has been 10 months in jail.

Nine Foreign Societies To Be In Parade

Marshal Frank Fagula Arranging for Big Delegation

The Slavish and Polish societies in Charleroi will turn out, in force and in uniforms Saturday to participate in the big red fire parade. There are seven Slavish societies and two Polish, and these will be marshaled by Frank Fagula. He requests them to meet at the Slavish church at Tenth street at 6 o'clock tomorrow evening. He states that he expects to have in parade about 500 of the members of these societies.

MANY STARS ARE ENTERED

Field Meet at Donora
Promises to Be Big
Affair

The field and track meet at Donora Labor Day September 5, will be the best of the kind ever held in the Monongahela Valley. Among the star men entered are 10 members of the Pittsburg Athletic Association as follows: J. H. Cook, J. P. Lutherine, T. M. Jackson, Leo. A. Lonbrig, Regan H. Pipes, Thomas Williams, Guy Haferty, H. Haferty, J. W. A. Brown, W. J. Michaels and Frank A. Wilsey.

A great race is expected between Wiley and W. J. Scott who holds the record for amateurs at five miles in the State of Ohio. Both have entered the five mile handicap.

Ellsworth Riggs of Charleroi has entered the pole vault. Riggs was first in the pole vault at Donora last year with a record of 10 feet. The Wilmerding Y. M. C. A. has entered six men in the different events.

Twenty entries have been received for the five mile race among which are F. A. Wiley, W. J. Scott, L. Moyné Orgin, Elmer Orgin, Matt. W. Lytle, Roderick McCoy, John Gibson, Geo. Genger Sark, J. W. Burke, Frank Ellsworth.

OFFICERS MUST HAVE WARRANT TO MAKE ARRESTS

According to a decision of Judge J. F. Taylor in a local case yesterday neither local officers nor railroad detectives have a right to make an arrest for a misdemeanor unless armed with a warrant. The case was that of Andrew Olasvsky of Charleroi against P. R. R. Detectives J. R. Chalfant and H. F. Smith, alleging assault and battery in the arrest of one of his friends. The officers arrested the foreigner for trespassing on the railroad in accordance with instructions from the company, at the instigation of the State railroad commission, but at the time did not have a warrant. As a result both were fined \$25 and costs.

Boys' and youths', misses' and children's shoes at Adolph's at \$1.00 a pair.

Notice
All ladies of the Methodist church are invited to assist at the lunch counter to be run on Saturday, on the railroad property near corner Fifth and McKean. Ladies of the league to wear their badges.
Their counter will be opened for business by dinner time Saturday. There will be tremendous crowds to feed and the ladies are going to take advantage of the opportunity to make some money for the church. 214

CANDIDATE READY FOR CAMPAIGN

Congressman Tener
Looking Fine After
Vacation

NEWSPAPER MEN GATHER

Glowing with health and looking particularly fit for the arduous campaign this fall, Congressman J. K. Tener arrived home this morning in readiness for the campaign opening in Charleroi tomorrow. Congressman Tener has been enjoying a month's outing at Salsbury Beach, Mass., far away from the business life.

When the Charleroi Congressman, who is the Republican candidate for Governor, arrived this morning he was accompanied by newspaper men who from this time forth will keep close tab on his movements. Tomorrow morning a larger body of representatives of Philadelphia and Pittsburg dailies and other State newspapers are expected. Accommodations have been arranged for them, and they will be carefully looked after by the reception and the press committees.

A large electric sign has been hung near the corner of Fifth street and Fallowfield avenue and if Congressman Tener had postponed his arrival until evening, he would have been greeted with the words "For Governor, J. K. Tener" glowing forth in picturesque effect. The sign was designed by R. L. Barnhart, and the letters were made by F. H. Ransom. Lunch accommodations have not been neglected, and besides the hotel's and restaurants a number of churches will serve lunches at various parts of town.

Engineer Locates

Pennsylvania Railroad
Rents Offices at
Monongahela

D. P. Pugh, an assistant engineer of the Pennsylvania Railroad company, has rented offices in the First National Bank building at Monongahela and the furniture for the accommodation of the occupants is now being installed, having arrived at the railroad station a day or two ago. Accompanying Mr. Pugh are several assistants who refused to give out any information as to what line of work would be undertaken by the corps. A significant remark made by the engineer when the rooms were rented was to the effect that they might want them for three months, and it might be three years. The corps has been located at Greensburg for some time, and their transfer to this locality indicates that the Pennsylvania contemplates some line of activity in this district.

Whether it refers to the M. and W. branch, or to work on the main line of the Monongahela Division is something the future will develop.

Burgess Asks That Streets Be Cleared

All teamsters, autos and vehicles of every description are requested to vacate McKean, Fallowfield, and Washington avenues between First and Seventh streets tomorrow evening after 5 o'clock. The object of this is to take care of and protect the large crowd that is expected, and to facilitate the handling of the parade. I hope that the public will observe these precautions for the safety and well-being of all, and that every person will aid in maintaining order and decorum during the evening.
Geo. W. Risbeck, Burgess.

More Outsiders Than Ever Before Taking Advantage of Educational Opportunities Offered Here

DIRECTORS MEET IN REGULAR SESSION

A number of bills were ordered paid. The reports of Treasurer R. H. Rush was read and accepted as follows for both the school and building:
Balance from last report \$618.41
Receipts for month 357.60

Total \$976.51
Disbursements 561.84
Balance in treasury 414.17
The report of Tax Collector J. W. Mathias showed he had paid over to the treasurer \$241.11.
Superintendent J. G. Pentz made a brief report in which he said that there were at present in one room of the school 71 pupils and that the present his exoneration list at once eighth grade was over crowded. Changes may be made in this and division made.

The secretary was instructed to notify Tax Collector J. W. Mathias to the school 71 pupils and that the present his exoneration list at once eighth grade was over crowded. Changes may be made in this and division made.

BUSINESS MEN PREPARING FOR BIG ANNUAL BANQUET AT SOME LOCAL HOTEL ON SEPTEMBER 22

Committee Appointed to Have Charge of Affairs and to Secure Prominent Speakers

In an endeavor to have the Business Men's annual supper the most glorious event of the kind ever held, a number of prominent Pittsburg speakers, and Hon. J. K. Tener will be invited to make addresses. The affair will be held on September 22 in some local hotel or hall, and to arrange for the affair a committee of seven was appointed at the regular meeting of the Business Men's Association last night. The committee appointed consists of J. B. Schafer, J. W. Carroll, C. W. Weltner, L. Biegel, Fred Freeman, C. J. Mathews and Joseph Repman.

NOT POLITE TO USE SCHOOL BOOKS FOR WEAPONS OF WARFARE

If any pupil in the Charleroi schools should forget his dignity to such an extent that he strikes another pupil over the head with a school book either in or out of the school room, he may get into serious trouble with the authorities. Not that the authorities care so much for the physical welfare of the victim, but they are anxious for the financial welfare of the taxpayers, who have to supply the books. The chance is that the contact of the book with the head may prove more disastrous to the former than the latter; therefore the pupil committing such an offense will be held responsible for any damages incurred. Action to that effect was taken by the school board last night.

Adolph's \$1.00 Shoe Sale won't last forever.

FRYE FAMILY TO HOLD REUNION AT ELDORA SATURDAY

The tenth annual reunion of the descendants of Benjamin and Christina Frye will be held at Eldora Park tomorrow, and a good attendance is expected. The members of the Frye family are scattered throughout several States, but there are more of the race in Washington county than in any other section. The first of the generation were old Virginia residents, having settled there about 1740.

There are now between 300 and 400 families. It is expected that the program at the reunion tomorrow will take the usual form.

Arrigo
Acil Arrigo, the 18 months old child of James Arrigo died yesterday afternoon and the funeral was held this afternoon at 2 o'clock with interment in Calvary cemetery.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

Sun sets 6:27, rises 5:24; moon rises 5 a. m. Planet Mercury visible.

Everybody Decorate

Citizens generally along the line of march in the big parade Saturday night are requested to decorate their places of business and residences. As the parade will be after dark some sort of illumination should be used—Japanese lanterns, or all the windows lighted if no other means of illumination can be provided. What is desired is to have the town look as bright and cheerful as possible in the presence of so many visitors.

In every part of the Commonwealth Charleroi is recognized as being significantly honored by having the Republican candidate for Governor as well as being selected for the opening of the campaign. Our citizens should appreciate this condition, and take every advantage of the opportunity presented to make a good impression upon the horde of strangers who will visit us from a distance. By every one turning out in the parade and illuminating their houses and places of business, each can contribute toward advancing and emphasizing the standing and prestige of Charleroi.

Idle Investment

Monessen's citizens are taking the initiative in an effort to get a State road connecting their town with West Newton. The importance of this connection is that it will open up to improved roads a big farming territory, and connect the Westmoreland county towns of the river district with the interior as well as the Allegheny county system of improved roads. This will mean more trade and prosperity for Monessen business people.

Charleroi has similar opportunities which, if taken advantage of, would yield big returns in a business and commercial way. The populous up-river territory is practically eliminated at certain seasons of the year except to those living along the street car and railroad lines. This method of traffic brings individuals to our town, but it does not permit our merchants to go out, solicit trade and deliver their goods. Neither does it permit the big scattered population on the farms and small hamlets to drive into town at will, except in the more favored seasons of the year.

A trolley car connection with outside territory is considered an important factor in trade and commerce, and it is, but a more important factor in good roads on which to drive. A trolley enterprise involves a big investment in rolling stock and equipment, but there is infinitely more invested in horses, wagons, vehicles, harness and other outfit which is idle a large portion of the time, than in all

the trolleys and railroad enterprises. When this is considered the importance of a passable thoroughfare can be readily seen.

Charleroi business people should go after the proposed river boulevard. Any person driving a team or an auto to California is told that the road is now better than it ever was, but at its best it is bad to be considered. A river boulevard will bring all the advantages of a new industry, and it does not have to be subsidized.

Diversified Industries

Pittsburg's crusade for more diversified industries should not be lost sight of by the river towns. In nearly every one of these the raw and basic material produced here can be converted into more finished products on the spot, employing more labor and involving larger industrial investments. In this manner idle capital and labor could both be utilized.

For instance, automobiles could be manufactured to great advantage here. Many of the parts necessary to the construction of these machines we manufactured in the valley. Tin cans and other ware of this material could be made here where the plate is produced probably more cheaply than elsewhere as freight would not have to be paid on the material to the factory. Coke could be produced at any of the mines here and yield a profit where in many instances the operators are running at a loss.

In spite of all the present prosperity not nearly all of the available labor is employed. The strike reveal that, if no means were taken to prevent filling strike's places all vacancies would be taken in short order, showing that all times there are as many men idle as are employed. By extending the manufacturing of our products this condition could be eliminated, relatively, at least, in this district. The census returns are showing that the smaller cities that have the widest diversity of industry are the most prosperous.

ELECTRIC SPARKS

At least the teachers appreciate weather.

They can't get Ballinger out of Taft's cabinet any other way, so they are going to try to pry him out.

Many a bonehead duack who makes a laughable failure in one community can occasionally impress the people with his worth in another community.

It is said that the Postmaster at Pump, Pa., gets \$36 a year. It's cheaper to be wealthy.

The man who will run an automobile at the rate of 60 miles an hour just to be present at the table at meal times doesn't belong to the Newport 400.

Goat's milk for infants. Put away the idea. Aren't you satisfied with the price of just ordinary lactal food?

The man who has Presidential aspirations is not to be pitted so much as the man who makes himself a fool with announcing his every time there is a chance.

If the Democrats should offer Gibbon second place, and the Keystone party should agree to find some one else just as good to fill the Philadelphia man's shoes in second place for the keystones, and so forth, will the said Gibbon accept the honor?

When the young man goes to ask the father for the hand of the apple of his eye, he should put his best foot foremost, but at the same time should exercise the greatest care that the doting parent does not do likewise.

Newport is said to have \$800,000,000 worth of widows. We didn't know that dukes and barons were quite that scarce.

When a man has had his appendix removed, his tonsils cut out, and all the other operations performed known to medical science, he need not worry about his health.

When any person names their baby after some uncle whose most polite cognomen is Belshazzar or something of a similar nature, it is not to be supposed they do because they like the name.

EXPOSITION ATTRACTS TREMENDOUS CROWDS

Victor Herbert and Orchestra at Pittsburg's Big Show

The twenty-second annual season of the Pittsburg Exposition opened Wednesday night under circumstances that were gratifying not only to the management but the thousands in attendance. Everything seemed to be in a state of preparedness for the event passed off without a single hitch. The buildings and booths have been redecorated and there is a freshness and newness about everything. The number of exhibits this season is much larger than that of last and the show on the whole reflects no little credit on the enterprise of progressive Pittsburg.

Victor Herbert and his orchestra is the opening musical attraction and at the two concerts given on the opening night Victor Herbert was able to fill his capacity by delighted audiences. Mr. Herbert, the author of a score of comic operas, received an enthusiastic welcome and he presented a program that pleased everybody. He not only introduced excerpts from his best known works and selections from the old masters, but he presented here for the first time some of his latest compositions. It was a program of charming melody and encores were in order throughout the evening.

Among the new features this season is a postoffice exhibit furnished by the United States government at Washington. It gives much information pertaining to Uncle Sam's mailing system. With the exhibit is an old stage coach used for carrying mail in Montana many years ago, long before the present advanced system was thought of.

Two railroads are represented this year, the Great Northern, which makes its first appearance here, and the Norfolk and Western. The former shows what irrigation has done for crops in the northwest and the latter illustrates what scientific farming is doing for Virginia. The commercial growth of the country through which each line passes is an interesting feature and the fruit exhibit of each line is well worth seeing.

There are two educational exhibits that attracted a great deal of attention on the opening night. The public schools of Pittsburg have a very large and attractive display of painting, drawing, fancy and needle work, manual training and, in fact, everything connected with the local educational system. All the schools of the city have contributed and the exhibit is a thorough and comprehensive one. The Allegheny Playgrounds Association has an exhibit of what was done by the summer vacation schools on the Northside. The benefit derived by the children who took advantage of the playground schools is shown in their admirable work and reflects no little credit on the association.

Mechanical Hall has a great deal to offer this season and the exhibits are in the main new. Labor saving devices of every description are to be seen and the electrical display is finer than ever. The leading stores have beautifully artistic exhibits and the Italian pergola in the foyer is magnificent and looks as if the scene had been taken bodily from Italy and transplanted in the Exposition. There is something new and instructive to be seen at every hand.

The wireless telegraph which has attracted attention all over the world by its wonderful achievements is an exhibit in the main building which drew large crowds. Demonstrations of the wonders of the wireless were given in the most convincing manner. "The Universe," a new scenic electrical spectacle, makes its initial bow in the Exposition this season. The scene is supposed to take place in 1850. An aviator makes a tour of the world in his airship. Dawns, sunsets, meteor flights, volcanic eruptions, tropical and polar landscapes and every conceivable aspect of land, sea and sky are revealed to the highest degree of realism.

The Monitor and Merimac in their historical battle at Hampton Roads is again in the Hippodrome Building and it is greater, grander and more beautiful than ever. Real boats and real guns are used and the tremendous roar of battle is awe-inspiring. The sky and cloud effects are beautiful and the White Squadron majestically passing in review affords a fitting close to this great spectacle, the original cost of which was \$120,000.

There were amusements of all kinds from the toboggan slide to the merry-go-round and the scenes of life and gaiety that prevailed everywhere; and the interest that the exhibits created indicated that everybody was delighted and that the inauguration of the Exposition season was a glorious success.

Card of Thanks

We take this method of thanking our friends, who seem legion, and our neighbors, whose kindly sympathy and assistance did so much alleviate our loss in the recent death of our husband and father. The many beautiful floral offerings were appreciated highly and our sincere gratitude is hereby extended to the donors thereof. Mrs. Francis Buchanan and Family.

Executive Offices
The People's Stores

New York City
To All Sons and Daughters of Toil,

September 2, 1910

Greeting:

Nothing in our whole business career gives us as much genuine pleasure as the knowledge that in an unusual degree the People's Store enjoys the good will and loyalty of hosts of intelligent working people.

We have always tried our utmost to deserve this loyal support. No sweat-shop-made clothing was ever permitted to find its way into our stores. Well woven materials, built into splendid garments in wholesome sanitary shops, by the best-paid tailors in America, constitute the sum and substance of our stock.

Our equipment for your future pleasure is even more select and elaborate than our own best previous efforts. Fine, New Fall Clothing is abundant in all departments. The Saturday before Labor Day is the best day for your inspection—later the choice may not be so extensive.

Your credit? You bet. If you are a son or daughter of toil your credit is gilt edged.

With very best wishes for your unbounded prosperity in the future, we remain, very sincerely yours,

THE PEOPLE'S STORE,

536 Fallowfield Ave.,
Charleroi, Penn'a.

YOUNG MEN AND WOMEN

Are Wanted for Business Positions

Douglas Business College cannot supply the demand for young men and women who have a knowledge of Shorthand and Typewriting, and Bookkeeping.

Every graduate in these branches last year has been placed in a desirable position—it is the short cut to a good situation and Success.

Remember from ten to fifteen months is long enough to complete our combined course and it will be a lasting honor to be a graduate of this progressive school.

The benefits are yours, and it will be worth your while to see us now. Day school opens Tuesday, September 6th. Kirk and Clark building.

FRIENDS TENDER

SHOWER TO BRIDE

Mrs. Arthur Miksch, one of Charleroi's recent brides, was tendered a miscellaneous shower last evening at the home of her parents, Dr. and Mrs. N. W. Patton. The affair was arranged by the Young Ladies' Circle of the Washington Avenue Presbyterian church of which Mrs. Miksch is a charter member. Charades and music were enjoyed by all and Miss Ryland read Riley's beautiful poem "An Old Sweetheart of Mine." Dainty refreshments were served by the hostess, after which Mr. Miksch in a few well chosen words thanked the guests for the many presents which were both useful and ornamental. At a late hour all departed for their homes wishing the happy couple a smooth voyage over life's stormy sea.

Mrs. Robert Hormell is spending three weeks in Parkersburg, W. Va., with her daughter, Mrs. C. E. Paul.

Parisian Burglar's Ingenious Device.

A new device for robbing flats in Paris was hit upon by a man who is now in jail. Dressed as a workman and carrying a bucket filled with a mysterious compound, he was in the habit of calling at flats, saying he had come by the landlord's orders to disinfect the place. During the operation such an unpleasant smell was emitted that the tenant hastily decamped to the room farthest removed from the scene of "disinfection," leaving the coast clear for the burglar. The latter at length presented himself at a flat which happened to be occupied by the landlord himself, and a few minutes afterward he was handed over to the police.

A Sign of the Times.

One of the most up to date signs—It is truly a sign of the times—has been erected at Margate, on the southern coast of England, by an enterprising firm of that town. It faces the English channel and dominates the ground on which it stands as an "anchorage for aeroplanes." So many aviators have made or tried cross channel flights that numerous landings of "airmen" on the coast of England may be expected in the not far distant future, and the Margate firm purposes to be on the ground early.—Kansas City Star.

YOUR BILL FOR GROCERIES

will show you a comfortable saving if you do your buying here. And our prices in no case mean lower qualities. It is the saving on standard groceries that makes buying here truly economical. We have too much faith in your discernment to offer you inferior qualities at any price.

CALLING TO MIND

her daily list—fragrant coffee and tea, delicious jams, cat-sups, pickles, butter—choice groceries from OUR counters, to add to her health, happiness and saving on week-end bills. She's particular, SO ARE WE.

Chas. Walgren

414 Fallowfield Avenue.

We Wish to Remind You

That the nice weather will not always last, and perhaps your house heater needs repairing and cleaning, and at this time of the year we are able to do it more promptly than late in the fall, because it may be necessary to order repairs and often-times these are delayed.

Does the Tin Work of Your House Need Attention?

Now is the time best suited for fixing roofs and all kinds of tin work. A new coat of paint will preserve it greatly.

Remember, "A Stitch in Time Saves Nine"
